RE: Friends of the Earth and Sierra Club, Complainant/Petitioner v. South Carolina Electric & Gas Company, Defendant/Respondent Docket No. 2017-207-E

Request of the Office of Regulatory Staff for Rate Relief to South Carolina Electric & Gas Company's Rates Pursuant to S.C. Code Ann.§ 58-27-920 Docket 2017-305-E

Joint Application and Petition of South Carolina Electric & Gas Company and Dominion Energy, Incorporated for Review and Approval of a Proposed Business Combination between SCANA Corporation and Dominion Energy, Incorporated, as May Be Required, and for a Prudency Determination Regarding the Abandonment of the V.C. Summer Units 2 & 3 Project and Associated Customer Benefits and Cost Recovery Plans Docket No. 2017-370-E

Dear Ms. Boyd:

By Order No. 2018-804, issued on December 21, 2018, in the above-referenced docket, the Public Service Commission of South Carolina ("Commission") required Dominion Energy South Carolina ("DESC" or "Company") to provide an aggregate rate refund of 2017 revenue of \$2.45 million to DESC's natural gas customers to be distributed over three years as a bill credit. The first of these bill credits was provided on bills rendered on and after the first billing cycle of February 2019. The second bill credit was provided on bills rendered on and after the first billing cycle of January 2020. The final bill credit is to be provided on bills rendered on and after the first billing cycle of January 2021.

Because these gas rate refunds are not a recurring rate matter but only affect bills rendered during three discrete billing months, spanning multiple years, these refunds are not included on the Company's natural gas rate tariff sheets. By letter dated December 31, 2018, DESC provided the Commission with an estimated The Honorable Jocelyn G. Boyd January 4, 2021 Page 2

calculation of the amount of the refund by customer rate and class that was to be provided in the bills rendered on or after the first billing cycle of February 2019. On January 24, 2019, the Company provided the Commission with an updated calculation, which reflected the actual amount of the refund by customer rate and class based on active accounts as of January 18, 2019.

In its December 31, 2018 letter, the Company also informed the Commission that "[a] calculation of the amount of the refund by customer rate and class to be applied in the latter two billing cycles will be provided by letter to the Commission prior to the first billing cycle in January of those years." By letter dated January 2, 2020, the Company provided the Commission with a calculation of the amount of the refund by customer rate and class to be provided on bills rendered on and after the first billing cycle of January 2020.

By this letter, the Company hereby provides the Commission with a calculation of the amount of the refund by customer rate and class to be provided on bills rendered on and after the first billing cycle of January 2021. The final bill credit amount of \$816,376.45 reflects the full amount remaining in the regulatory liability account as of November 30, 2020.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

Matthew W. Gissendanner
